President's Report

On behalf of your Councillors, the CEO, Shire Executive and all our staff, I present to you the President's Report for the Shire of Boddington's Annual Report 2017-2018.

This financial year has been an opportunity for the Shire to consolidate our long-term budgetary and operational position with many of our key projects now reaching fruition. The implementation of key planning documents include the development of our Community Strategic Plan 2017-2027, Boddington Local Planning Strategy 2018, the Long Term Financial Plan and a complex scope of works around the preparation of our Asset Management Plan 2018. These documents are available on our Shire website. Financially the Shire remains in sound condition with our monetary management meeting the State Government's expectations for fiscal ratio measures.

We have now officially opened our Aged Care Independent Living Complex on Hotham Rise. This excellent project extends our Shire facilities for aged care and has already attracted significant interest from future residents. We also opened our Boddington Visitor Centre on the foreshore of the Hotham River with our expanded Public Library, delightful Rusty Camp Oven Cafe and our Boddington Exhibition Interpretive Display.

The Boddington Recreation Centre on the Football Oval has now become a key part of Boddington's wonderful social and sporting activities providing a fantastic venue for a diverse range of sports, events and social functions across the calendar year. The recent addition of the new floodlights to our Oval has provided our community with an outstanding facility.

This year has also been a time of planning for the future. The Shire Council has continued a number of projects, which will commence during the next financial year. Our foreshore developments at Ranford Pool and in Boddington are in their final planning and approval phases and we can expect to see some resulting actions soon. The construction of a large Nature Playground, Skate Park and Pump Track, exercise and eventing areas, footpaths and recreational parklands will soon be underway.

Planning is also being finalised for our transition into Sculpture Town with the proposed development of public art, comprising sculpture, murals and mosaics, developed by members of the Boddington Community.

Exciting times ahead and we move forward together.

Cr Martin Glynn
President
Shire of Boddington

Chief Executive Officer's Report

2017/18 was a year full of benchmarks. Several new facilities were constructed or refurbished including the new the Independent Living Units, the Interpretive Centre, Old Police Station and new Town Library.

The Shire took over the Financial and Human Resource operations of the BCRC for a period of two years, after which it will be reviewed by Council, in consultation with the BCRC (Boddington Community Resource Centre).

Significant progress on the master planning for the Civic Precinct Foreshore Project, which includes the Skate Park, Pump Track, Nature Play Space and extensive landscaping to the Foreshore area was achieved during the latter half of the financial year. One of the last Royalties for Regions projects, the Ranford Water Main Infrastructure was completed in the early part of the financial year. The reimbursement of just over \$1 million is expected to be used to fund the Civic Precinct Foreshore Project.

PROJECTS

During the 2017/18 financial year, \$5.4M was spent on the capital projects that were undertaken, completed or progressed for completion. The main current year expenditures are shown below:

Project/Activity	Main Items	Status	\$
Aged Care Complex (Independent Living Units)	Construction seven independent living units and community hub	COMP	\$2,300,000
Roads	Road Infrastructure	COMP	\$1,157,000
Building – CEO Residence	Construction	WIP	\$292,000
Plant Equipment	Computers, Heavy Plant & Minor Equipment	COMP	\$200,000
Heavy Fire Truck	DFES Allocation		\$509,000
Recreation Centre		COMP	\$56,000
Visitors Centre	Refurbishment	COMP	\$193,000
Other Existing Buildings	Refurbishment	COMP	\$81,000
Old Police Station	Refurbishment	COMP	\$61,000
Sports Oval	Lights and Towers	COMP	\$160,000
Bridges	Renewal	COMP	\$282,000

The table above identifies councillor new initiatives that have been integrated in both the long term financial plan and strategic community plan; the budget for this item in 2018/19 is \$1.4M, against which \$33,000 was spent.

All the above projects were achieved with the use of grants, Council's own funds and no new borrowings.

CASH POSITION

Council and staff have again showed considerable budget restraint. The cost reduction strategy brings Council's cash position to \$370k surplus, whilst simultaneously achieving an acceptable current ratio of 1.5.

Council's Asset Sustainability Ratio was 1.02 against the Departmental guideline of between 0.9 to 1.1.

Council has diminishing debt liability and a healthy debt ratio of 5.6, compared to the Treasury guidelines of 2.

ENVIRONMENTAL HEALTH/BUILDING SERVICES

A decrease in the total number of building permits issued by 15% was experienced in 2017/18. The breakup of building permits issued is as follows:

	2017/18	2016/17	2015/16
Dwellings	4	5	7
Dwelling Additions	0	1	4
Sheds / Patios / Pergolas / Garages	24	34	27
Swimming Pools	4	1	2
Commercial	0	4	0
Demolitions	1	0	1
Other	5	2	6
Building Approval Cert	2	2	4
Building Permit Extensions	4	3	4
Total	44	52	55

During the year, Council adopted Asset Management plans for Road Network, Footpath Network, Culverts and Building & Land.

Finally, I must thank the staff and the Councillors for their contribution to the advancement of the Shire and their continued work towards the community's aspirations, as outlined in the Community Strategic Plan. Council's long-term financial plan is well integrated into the normal business of Council and forms the basis for the Annual Budget.

Chris Littlemore B Comm MBA

Organisational Structure September 2017

Statutory Reports

National Competition Policy

The Shire of Boddington continues to meet its obligations to the competition policy and monitors the introduction of Council policies and local laws, which may be the subject of anti-competitive practices. Annual reviews are undertaken and no complaints were received in the 2017-2018 year.

Disability Access & Inclusion Plan: Revised for 2013-2018

Section 29 of the *Disability Services Act 1993* requires all public authorities to report on the implementation of their Disability Access & Inclusion Plans. Amendments to the Act in 1999 require that any Local Government that has a Disability Access & Inclusion Plan must include in its Annual Report, prepared under Section 5.53 of the *Local Government Act 1995*, a report about the implementation of its Plan.

As a result of the consultation process the following overarching strategies will guide tasks, reflected in the Implementation Plan, that the Shire of Boddington will undertake from 2013-2018 to improve access to its services, buildings and information. The six desired outcomes provide a framework for improving access and inclusion for people with disabilities in the Shire of Boddington.

The Shire of Boddington is committed to achieving the following desired outcomes of its DAIP.

Outcome 1

People with disabilities have the same opportunities as other people to access the services of, and any events organised by, a public authority.

- Council endeavours to be adaptable in responding to the barriers experienced by people with various disabilities, including people with physical, sensory, cognitive and psychiatric disabilities.
- Council ensures that all policies and practices that govern the operation of Council facilities, functions and services are consistent with Council's Policy on access.

Outcome 2

People with disabilities have the same opportunities as other people to access the buildings and other facilities of a public authority.

- Council undertake to incorporate the priorities regarding access for people with disabilities, identified during the consultations, into its submission for its capital works improvement program. Modifications will commence as funds are made available.
- Council undertake to liaise with developers to increase their awareness of the access requirements of people with disabilities.

Outcome 3

People with disabilities receive information from a public authority in a format that will enable them to access the information as readily as other people are able to access it.

- Council produce all of its information on Council facilities, functions and services using clear and concise language.
- Council advise the community that, upon request, information about Council function, facilities and services can be made available in alternative formats, such as large print.

Outcome 4

People with disabilities receive the same level and quality of service from the employees of a public authority as other people receive from the employees of that public authority.

- Council undertake to ensure that staff are aware of the key access needs of residents with disabilities and people with disabilities who visit the Local Government area in relation to the provision of all services.
- Where required, Council seek expert advice from the disability field on how to meet the access needs of people with disabilities.

Outcome 5

People with disabilities have the same opportunities as other people to make complaints to a public authority.

- Ensure that grievance mechanisms are accessible for people with disabilities and are acted upon.

Outcome 6

People with disabilities have the same opportunities as other people to participate in any public consultation by a public authority.

- Ensure that people with disabilities are actively consulted about the DAIP and any other significant planning processes.
- Ensure that people with disabilities are aware of and can access other established consultative processes.

Record Keeping

In accordance with the State Records Act 2000, the Shire of Boddington's Record Keeping Plan was reviewed and submitted to the State Archivist in June 2015.

A self- assessment evaluation to determine efficiency and effectiveness of the system was conducted in September 2015 and identified one item requiring attention. This is being addressed. The Shires' current record system is "Keywords for Council".

Record retention and subsequent destruction is completed in accordance with the General Disposal Authority for Local Governments. The Disposal Authority defines minimum periods of retention and provides guidelines for destruction. The CEO signs all disposal requests prior to destruction.

Training in record keeping is completed in line with the plan. Initially introduced by the HR/OSH Officer at the time of inducting new staff, then with either the Records Officer or Executive Officer providing one to one training as required or requested by staff.

The opportunity to raise records matters (along with any other issues) exists at the weekly staff meetings. On occasions staff has used this forum to seek clarification, which is immediately provided to the entire group, by the Records Officer. We have now committed for the Records Officer to undertake refresher training/review with staff biannually. Administration now has 3 fully trained Record-keeping Officers.

SHIRE OF BODDINGTON
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2018

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Preparation

The financial report comprises general purpose financial statements which have been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities), Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board, the Local Government Act 1995 and accompanying regulations. Material accounting policies which have been adopted in the preparation of this financial report are presented below and have been consistently applied unless stated otherwise.

Except for cash flow and rate setting information, the report has also been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

Critical Accounting Estimates

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The Local Government Reporting Entity

All Funds through which the Council controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

In the process of reporting on the local government as a single unit, all transactions and balances between those Funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 19. to these financial statements.

(b) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable.

The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

SHIRE OF BODDINGTON
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2018

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(c) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

Bank overdrafts are reported as short term borrowings in current liabilities in the statement of financial position.

(d) Trade and Other Receivables

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

(e) Inventories

General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Land Held for Sale

Land held for development and sale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development. Finance costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point.

Land held for sale is classified as current except where it is held as non-current based on Council's intentions to release for sale.

(f) Fixed Assets

Each class of fixed assets within either property, plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Mandatory Requirement to Revalue Non-Current Assets

Effective from 1 July 2012, the Local Government (Financial Management) Regulations were amended and the measurement of non-current assets at Fair Value became mandatory.

The amendments allow for a phasing in of fair value in relation to fixed assets over three years as follows:

- (a) for the financial year ending on 30 June 2013, the fair value of all of the assets of the local government that are plant and equipment; and
- (b) for the financial year ending on 30 June 2014, the fair value of all of the assets of the local government -
 - (i) that are plant and equipment; and
 - (ii) that are -
 - (I) land and buildings; or-
 - (II) Infrastructure;

and

- (c) for a financial year ending on or after 30 June 2015, the fair value of all of the assets of the local government.

SHIRE OF BODDINGTON
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2018

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Thereafter, in accordance with the regulations, each asset class must be revalued at least every 3 years.

In 2013, the Shire commenced the process of adopting Fair Value in accordance with the Regulations.

Relevant disclosures, in accordance with the requirements of Australian Accounting Standards, have been made in the financial report as necessary.

Land Under Control

In accordance with Local Government (Financial Management) Regulation 16(a), the Council was required to include as an asset (by 30 June 2013), Crown Land operated by the local government as a golf course, showground, racecourse or other sporting or recreational facility of State or Regional significance.

Upon initial recognition, these assets were recorded at cost in accordance with AASB 116. They were then classified as Land and revalued along with other land in accordance with the other policies detailed in this Note.

Initial Recognition and Measurement between Mandatory Revaluation Dates

All assets are initially recognised at cost and subsequently revalued in accordance with the mandatory measurement framework detailed above.

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Council includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Individual assets acquired between initial recognition and the next revaluation of the asset class in accordance with the mandatory measurement framework detailed above, are carried at cost less accumulated depreciation as management believes this approximates fair value. They will be subject to subsequent revaluation at the next anniversary date in accordance with the mandatory measurement framework detailed above.

Revaluation

Increases in the carrying amount arising on revaluation of assets are credited to a revaluation surplus in equity. Decreases that offset previous increases of the same asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

Land Under Roads

In Western Australia, all land under roads is Crown Land, the responsibility for managing which, is vested in the local government.

Effective as at 1 July 2008, Council elected not to recognise any value for land under roads acquired on or before 30 June 2008. This accords with the treatment available in Australian Accounting Standard AASB 1051 Land Under Roads and the fact Local Government (Financial Management) Regulation 16(a)(i) prohibits local governments from recognising such land as an asset.

In respect of land under roads acquired on or after 1 July 2008, as detailed above, Local Government (Financial Management) Regulation 16(a)(i) prohibits local governments from recognising such land as an asset.

Whilst such treatment is inconsistent with the requirements of AASB 1051, Local Government (Financial Management) Regulation 4(2) provides, in the event of such an inconsistency, the Local Government (Financial Management) Regulations prevail.

Consequently, any land under roads acquired on or after 1 July 2008 is not included as an asset of the Shire.

SHIRE OF BODDINGTON
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2018

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Depreciation

The depreciable amount of all fixed assets including buildings but excluding freehold land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

When an item of property, plant and equipment is revalued, any accumulated depreciation at the date of the revaluation is treated in one of the following ways:

- a) Restated proportionately with the change in the gross carrying amount of the asset so that the carrying amount of the asset after revaluation equals its revalued amount; or
- b) Eliminated against the gross carrying amount of the asset and the net amount restated to the revalued amount of the asset.

Major depreciation periods used for each class of depreciable asset are:

Buildings - external structure	100 years
Buildings - fit out	10 years
Buildings - mechanicals	12 years
Buildings - roof structure	25 years
Furniture and Equipment	1 to 12 years
Plant and Equipment	1 to 15 years

Sealed roads and streets formation	not depreciated
pavement	75 years
seal	10 to 30 years

Gravel roads formation	not depreciated
pavement	6 to 15 years

Footpaths and pathways	30 years
Sewerage pipes	75 years
Bridges	100 - 125 years
Water supply piping and drainage systems	75 years

Infrastructure other as categorised below (excluding land and buildings):

Caravan Park	10 to 50 years
Foreshore	15 to 50 years
Parks and ovals	5 to 25 years
Public use facilities	5 to 30 years
Waste site	12 to 25 years
Other infrastructure	3 to 50 years

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income in the period in which they arise.

When revalued assets are disposed of, amounts included in the revaluation surplus relating to that asset are transferred to retained surplus.

Capitalisation Threshold

Expenditure on items of equipment under \$3,000 is not capitalised. Rather, it is recorded on an asset inventory listing.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(g) Fair Value of Assets and Liabilities

When performing a revaluation, the Shire uses a mix of both independent and management valuations using the following as a guide:

Fair Value is the price that Shire would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is extracted from either the principal market for the asset (i.e. the market with the greatest volume and level of activity for the asset or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

Fair Value Hierarchy

AASB 13 requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

Level 1

Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3

Measurements based on unobservable inputs for the asset or liability.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

Valuation techniques

The Shire selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the Shire are consistent with one or more of the following valuation approaches:

Market approach

Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.

Income approach

Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(g) Fair Value of Assets and Liabilities (Continued)

Cost approach

Valuation techniques that reflect the current replacement cost of an asset at its current service capacity.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the Shire gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability and considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

As detailed above, the mandatory measurement framework imposed by the Local Government (Financial Management) Regulations requires, as a minimum, all assets carried at a revalued amount to be revalued at least every 3 years.

(h) Financial Instruments

Initial Recognition and Measurement

Financial assets and financial liabilities are recognised when the Shire becomes a party to the contractual provisions to the instrument. For financial assets, this is equivalent to the date that the Shire commits itself to either the purchase or sale of the asset (i.e. trade date accounting is adopted).

Financial instruments are initially measured at fair value plus transaction costs, except where the instrument is classified 'at fair value through profit or loss', in which case transaction costs are expensed to profit or loss immediately.

Classification and Subsequent Measurement

Financial instruments are subsequently measured at fair value, amortised cost using the effective interest rate method, or at cost.

Amortised cost is calculated as:

- (a) the amount in which the financial asset or financial liability is measured at initial recognition;
- (b) less principal repayments and any reduction for impairment; and
- (c) plus or minus the cumulative amortisation of the difference, if any, between the amount initially recognised and the maturity amount calculated using the effective interest rate method.

The effective interest method is used to allocate interest income or interest expense over the relevant period and is equivalent to the rate that discounts estimated future cash payments or receipts (including fees, transaction costs and other premiums or discounts) through the expected life (or when this cannot be reliably predicted, the contractual term) of the financial instrument to the net carrying amount of the financial asset or financial liability. Revisions to expected future net cash flows will necessitate an adjustment to the carrying value with a consequential recognition of an income or expense in profit or loss.

(i) Financial assets at fair value through profit and loss

Financial assets are classified at "fair value through profit or loss" when they are held for trading for the purpose of short-term profit taking. Such assets are subsequently measured at fair value with changes in carrying amount being included in profit or loss. Assets in this category are classified as current assets.

SHIRE OF BODDINGTON
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2018

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(h) Financial Instruments (Continued)

(ii) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Loans and receivables are included in current assets where they are expected to mature within 12 months after the end of the reporting period.

(iii) Held-to-maturity investments

Held-to-maturity investments are non-derivative financial assets with fixed maturities and fixed or determinable payments that the Shire has the positive intention and ability to hold to maturity. They are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Held-to-maturity investments are included in non-current assets, where they are expected to mature within 12 months after the end of the reporting period. All other investments are classified as non-current.

(iv) Available-for-sale financial assets

Available-for-sale financial assets are non-derivative financial assets that are either not suitable to be classified into other categories of financial assets due to their nature, or they are designated as such by management. They comprise investments in the equity of other entities where there is neither a fixed maturity nor fixed or determinable payments.

They are subsequently measured at fair value with changes in such fair value (i.e. gains or losses) recognised in other comprehensive income (except for impairment losses). When the financial asset is derecognised, the cumulative gain or loss pertaining to that asset previously recognised in other comprehensive income is reclassified into profit or loss.

Available-for-sale financial assets are included in current assets, where they are expected to be sold within 12 months after the end of the reporting period. All other available-for-sale financial assets are classified as non-current.

(v) Financial liabilities

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Impairment

A financial asset is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events (a "loss event") having occurred, which will have an impact on the estimated future cash flows of the financial asset(s).

In the case of available-for-sale financial assets, a significant or prolonged decline in the market value of the instrument is considered a loss event. Impairment losses are recognised in profit or loss immediately. Also, any cumulative decline in fair value previously recognised in other comprehensive income is reclassified to profit or loss at this point.

In the case of financial assets carried at amortised cost, loss events may include: indications that the debtors or a group of debtors are experiencing significant financial difficulty, default or delinquency in interest or principal payments; indications that they will enter bankruptcy or other financial reorganisation; and changes in arrears or economic conditions that correlate with defaults.

For financial assets carried at amortised cost (including loans and receivables), a separate allowance account is used to reduce the carrying amount of financial assets impaired by credit losses. After having taken all possible measures of recovery, if management establishes that the carrying amount cannot be recovered by any means, at that point the written-off amounts are charged to the allowance account or the carrying amount of impaired financial assets is reduced directly if no impairment amount was previously recognised in the allowance account.

SHIRE OF BODDINGTON
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2018

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(h) Financial Instruments (Continued)

Derecognition

Financial assets are derecognised where the contractual rights to receipt of cash flows expire or the asset is transferred to another party whereby the Shire no longer has any significant continual involvement in the risks and benefits associated with the asset.

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and the fair value of the consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

(i) Impairment of Assets

In accordance with Australian Accounting Standards the Shire's assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another standard (e.g. AASB 116) whereby any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other standard.

For non-cash generating assets such as roads, drains, public buildings and the like, value in use is represented by the depreciated replacement cost of the asset.

(j) Trade and Other Payables

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the financial year that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition.

(k) Employee Benefits

Short-Term Employee Benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position. The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

Other Long-Term Employee Benefits

Provision is made for employees' long service leave and annual leave entitlements not expected to be settled wholly within 12 months after the end of the annual reporting period in which the employees render the related service. Other long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations or service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

SHIRE OF BODDINGTON
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2018

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(k) Employee Benefits (Continued)

The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

(l) Borrowing Costs

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

(m) Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

(n) Leases

Leases of fixed assets where substantially all the risks and benefits incidental to the ownership of the asset, but not legal ownership, are transferred to the Shire, are classified as finance leases.

Finance leases are capitalised recording an asset and a liability at the lower amounts equal to the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Leased assets are depreciated on a straight line basis over the shorter of their estimated useful lives or the lease term.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred.

Lease incentives under operating leases are recognised as a liability and amortised on a straight line basis over the life of the lease term.

(o) Investment in Associates

An associate is an entity over which the Shire has significant influence. Significant influence is the power to participate in the financial operating policy decisions of that entity but is not control or joint control of those policies. Investments in associates are accounted for in the financial statements by applying the equity method of accounting, whereby the investment is initially recognised at cost and adjusted thereafter for the post-acquisition change in the Shire's share of net assets of the associate. In addition, the Shire's share of the profit or loss of the associate is included in the Shire's profit or loss.

The carrying amount of the investment includes, where applicable, goodwill relating to the associate. Any discount on acquisition, whereby the Shire's share of the net fair value of the associate exceeds the cost of investment, is recognised in profit or loss in the period in which the investment is acquired.

Profits and losses resulting from transactions between the Shire and the associate are eliminated to the extent of the Shire's interest in the associate.

When the Shire's share of losses in an associate equals or exceeds its interest in the associate, the Shire discontinues recognising its share of further losses unless it has incurred legal or constructive obligations or made payments on behalf of the associate. When the associate subsequently makes profits, the Shire will resume recognising its share of those profits once its share of the profits equals the share of the losses not recognised.

SHIRE OF BODDINGTON
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2018

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(p) Interests in Joint Arrangements

Joint arrangements represent the contractual sharing of control between parties in a business venture where unanimous decisions about relevant activities are required.

Separate joint venture entities providing joint venturers with an interest to net assets are classified as a joint venture and accounted for using the equity method. Refer to note 1(o) for a description of the equity method of accounting.

Joint venture operations represent arrangements whereby joint operators maintain direct interests in each asset and exposure to each liability of the arrangement. The Shire's interests in the assets, liabilities, revenue and expenses of joint operations are included in the respective line items of the financial statements. Information about the joint ventures is set out in Note 16.

(q) Rates, Grants, Donations and Other Contributions

Rates, grants, donations and other contributions are recognised as revenues when the local government obtains control over the assets comprising the contributions.

Control over assets acquired from rates is obtained at the commencement of the rating period or, where earlier, upon receipt of the rates.

Where contributions recognised as revenues during the reporting period were obtained on the condition that they be expended in a particular manner or used over a particular period, and those conditions were undischarged as at the reporting date, the nature of and amounts pertaining to 'those undischarged conditions are disclosed in Note 2(c). That note also discloses the amount of contributions recognised as revenues in a previous reporting period which were obtained in respect of the local government's operations for the current reporting period.

(r) Superannuation

The Shire contributes to a number of Superannuation Funds on behalf of employees. All funds to which the Shire contributes are defined contribution plans.

(s) Current and Non-Current Classification

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for sale where it is held as non-current based on the Shire's intentions to release for sale.

(t) Rounding Off Figures

All figures shown in this annual financial report, other than a rate in the dollar, are rounded to the nearest dollar.

(u) Comparative Figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

When the Shire applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statement, an additional (third) statement of financial position as at the beginning of the preceding period in addition to the minimum comparative financial statements is presented.

(v) Budget Comparative Figures

Unless otherwise stated, the budget comparative figures shown in this annual financial report relate to the revised budget estimate for the relevant item of disclosure.

Notes:

⁽¹⁾ Applicable to reporting periods commencing on or after the given date.

(x) Adoption of New and Revised Accounting Standards

In the current year, Council adopted all of the new and revised Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) that are relevant to its operations and effective for the current reporting period. The adoption of the new and revised Standards and Interpretations has not resulted in any material changes to Council's accounting policies.

The Shire of Boddington has not applied any Australian Accounting Standards and Interpretations that have been issued but are not yet effective.

Other amended Australian Accounting Standards and Interpretations which were issued at the date of authorisation of the financial report, but have future commencement dates are not likely to have a material impact on the financial statements.

**SHIRE OF BODDINGTON
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2018**

2. REVENUE AND EXPENSES (Continued)

(b) Statement of Objective

The Shire of Boddington is dedicated to providing high quality services to the community through the various service orientated programs which it has established.

GOVERNANCE

Objective:

To provide a decision making process for the efficient allocation of scarce resources.

Activities:

Administration and operation of facilities and services to members of Council. Includes all costs associated with elected members along with the allocation of expenses for the Chief Executive Officer and staff in the administration of Shire.

GENERAL PURPOSE FUNDING

Objective:

To collect revenue to allow for the provision of services.

Activities:

Rates, general purpose government grants and interest revenue and expenditure.

LAW, ORDER, PUBLIC SAFETY

Objective:

To provide services to help ensure a safer and environmentally conscious community.

Activities:

Supervision and enforcement of various local laws relating to fire prevention, animal control and other aspects of public safety including emergency services.

HEALTH

Objective:

To provide an operational framework for environmental and community health.

Activities:

Inspection of food outlets and their control, immunisation services, contracted health surveying, operation of a Health Centre and general public health administration.

EDUCATION AND WELFARE

Objective:

To provide services to disadvantaged persons, the elderly, children and youth.

Activities:

Operation of Senior Citizens centre and Independent Care Units. Assistance to playgroups and other voluntary services.

HOUSING

Objective:

To provide and maintain non administrative staff and rental housing

Activities:

Provision and maintenance of non-administrative staff and rental housing.

SHIRE OF BODDINGTON
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2018

2. REVENUE AND EXPENSES (Continued)

(b) Statement of Objective (Continued)

COMMUNITY AMENITIES

Objective:

To provide services required by the community.

Activities:

Rubbish collection services, operation of rubbish disposal sites, administration of the Town Planning Scheme, maintenance of cemeteries and public conveniences.

RECREATION AND CULTURE

Objective:

To establish and effectively manage infrastructure and resource which will help the social well being of the community.

Activities:

Maintenance of the Town Hall, Swimming Pool, Recreation reserve and associated facilities. Library operations and general maintenance of all parks and reserves.

TRANSPORT

Objective:

To provide safe, effective and efficient transport services to the community.

Activities:

Construction and maintenance of roads, streets, footpaths, depots, cycle ways, parking facilities and traffic control. Cleaning and lighting of the streets, and depot maintenance.

ECONOMIC SERVICES

Objective:

To help promote the Shire and its economic wellbeing.

Activities:

Tourism and area promotion including the maintenance and operation of a caravan park.

OTHER PROPERTY AND SERVICES

Objective:

To monitor and control council's overheads operating accounts.

Activities:

Private works operation, plant repair and operation costs and engineering operation costs.

SHIRE OF BODDINGTON
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2018

6. PROPERTY, PLANT AND EQUIPMENT (Continued)

(c) Fair Value Measurements

Asset Class	Fair Value Hierarchy	Valuation Technique	Basis of Valuation	Date of last valuation	Inputs used
Land and buildings					
Feehold land	2	Market approach using recent observable market data for similar properties	Independent Valuer	June 2017	Price per sq. mtr./market borrowing rate
Land vested under the control of Council	2	Market approach using recent observable market data for similar properties	Independent Valuer	June 2017	Price per sq. mtr./market borrowing rate
Non specialised buildings	2	Market approach using recent observable market data for similar properties	Independent Valuer	June 2017	Price per sq. mtr./market borrowing rate
Specialised buildings	2	Market approach using recent observable market data for similar properties	Independent Valuer	June 2017	Price per sq. mtr./market borrowing rate
Furniture and Equipment	3	Cost approach using recent observable market data/specific quotes	Management valuation	June 2016	Current condition/residual values
Plant and Equipment	3	Cost approach using recent observable market data/specific quotes	Management valuation	June 2016	Current condition/residual values

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used by the local government to determine the fair value of property, plant and equipment using either level 2 or level 3 inputs.

All of the reserve accounts are supported by money held in financial institutions and match the amount shown as restricted cash in Note 3 to this financial report.

In accordance with council resolutions in relation to each reserve account, the purpose for which the funds are set aside are as follows:

SHIRE OF BODDINGTON
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2018

- (a) Leave Reserve
- to be used to fund annual and long service leave requirements.
- (b) Plant Reserve
- to be used to purchase new or second-hand plant and equipment.
- (c) Building Reserve
- to be used for the construction of buildings.
- (d) Local Organisation Assistance Reserve
- to be used for the funding of local organisations projects as per Council policy.
- (e) Refuse Site Reserve
- to be used for the establishment and operation of the refuse site. All surplus income over expenditure for Sanitation at the end of each financial year is transferred to this reserve.
- (f) Aged Housing Reserve
- to be used for future aged housing developments.
- (g) High School Resource Sharing Reserve
- to be used for the ongoing maintenance and reconstruction of the resources shared.
Council has entered a resource sharing agreement with the Education Department in relation to the usage of Shire recreational facilities by the Boddington District High School (BDHS). The agreement entails the transfer of a depreciation based calculation to reserve each year.
- (h) Swimming Pool Reserve
- this Reserve was established to assist in funding the ongoing upgrading and maintaining of the swimming pool.
- (i) River Crossing Reserve
- this Reserve accumulates funds to allow the ongoing upgrading and refurbishment of river crossings as decided by Council.
- (j) Recreation Reserve
- to be used to assist in funding the building of a new Recreation Centre in the future.
- (k) Unspent Loans Reserve
To provide a mechanism for restricting loan proceeds unspent for future expenditures, be it of an operating or capital nature. This forms part of restricted funds.
- (l) Prepaid Unconditional Grants Reserve
To provide a mechanism for identifying prepaid grants where the expenditure associated will be incurred in the next financial year, these mainly consist of prepaid Financial Assistance Grants (FAG) and local road grants.
- (m) Unspent Conditional Grants Reserve
To provide a mechanism for identifying conditional unspent grants where the expenditure associated will be undertaken in future years, be it operating or capital in nature.
- (n) Public Open Space Reserve
This reserve is for the upgrade and rationalisation of Public Open Space and parklands within the Shire.
- (o) Car Park Reserve
This reserve is for the construction of car parks at Shire buildings, parks and ovals.

SHIRE OF BODDINGTON
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2018

14. CONTINGENT LIABILITIES

There was a \$60,000 contingent liability as a consequence of a Council decision on 26 June 2018 to contribute an amount of \$66,000 including GST for the Boddington Community Resource Centre (BCRC). This contribution was dependant upon certain conditions being agreed by the then BCRC management committee.

15. CAPITAL AND LEASING COMMITMENTS	2018	2017
	\$	\$
(a) Operating Lease Commitments		
Non-cancellable operating leases contracted for but not capitalised in the accounts.		
Payable:		
- not later than one year	1,323	7,180
- later than one year but not later than five years	0	157
- later than five years	0	0
	<u>1,323</u>	<u>7,337</u>

(b) Capital Expenditure Commitments

The Shire had the following capital commitments at the end of the current reporting period.

- Building construction	138,000	2,332,926
- Other infrastructure	0	117,455
Total	<u>138,000</u>	<u>2,450,381</u>
Payable:		
- not later than one year	138,000	2,450,381

The Shire had \$138,000 committed towards the completion of the CEO's new residence.

16. JOINT VENTURE ARRANGEMENTS

The Shire is not involved in any joint venture arrangements.

17. TOTAL ASSETS CLASSIFIED BY FUNCTION AND ACTIVITY

	2018	2017
	\$	\$
Governance	15,116,392	12,723,439
General Purpose Funding	0	0

	<u>89,530,562</u>	<u>79,836,605</u>

SHIRE OF BODDINGTON
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2018

	2018	2017	2016
18. FINANCIAL RATIOS			
Current Ratio	1.48	2.05	1.23
Asset Sustainability Ratio	1.02	1.00	0.86
Debt Service Cover Ratio	5.65	4.09	3.69
Operating Surplus Ratio	(0.03)	0.01	0.01
Own Source Revenue Coverage Ratio	0.85	0.88	0.89
Asset Consumption Ratio	77.1%	78.9%	67.7%
Asset Renewal Funding Ratio	78.0%	N/A	N/A

The above ratios are calculated as follows:

Current Ratio	$\frac{\text{current assets minus restricted assets}}{\text{current liabilities minus liabilities associated with restricted assets}}$
Asset Sustainability Ratio	$\frac{\text{capital renewal and replacement expenditure}}{\text{Depreciation expenses}}$
Debt Service Cover Ratio	$\frac{\text{operating surplus before interest and depreciation}}{\text{principal and interest}}$
Operating Surplus Ratio	$\frac{\text{operating revenue minus operating expenses}}{\text{own source operating revenue}}$
Own Source Revenue Coverage Ratio	$\frac{\text{own source operating revenue}}{\text{operating expenses}}$
Asset Consumption Ratio	$\frac{\text{depreciated replacement costs of assets}}{\text{current replacement cost of depreciable assets}}$
Asset Renewal Funding Ratio	$\frac{\text{NPV of planning capital renewal over 10 years}}{\text{NPV of required capital expense over 10 years}}$

Notes:

Information relating to the **asset consumption ratio** and the **asset renewal funding ratio** can be found at Supplementary Ratio Information at Note 35 of this document.

The 2017/18 ratios disclosed above are distorted by the early receipt of half of the allocation of the 2018/19 Financial Assistance Grant on 30 June 2018.

The early payment of the grant increased operating revenue in 2017/18 and will decrease operating revenue in 2018/19 by \$179,000.

\$210,000 - \$219,999	1	0

Disclosure in respect of key personnel the table above includes all short term remuneration, including, gross salary, superannuation, and other cash and non-cash benefits.

The Director of Corporate and Community Services left employment in May 2018 and was replaced in February 2018, and the key management remuneration applies to the former Director.

31. MAJOR LAND TRANSACTIONS

Council did not participate in any major land transactions during the 2017/18 financial year.

32. TRADING UNDERTAKINGS AND MAJOR TRADING UNDERTAKINGS

Council did not participate in any trading undertakings or major trading undertakings during the 2017/18 financial year.

SHIRE OF BODDINGTON
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2018

33. FINANCIAL RISK MANAGEMENT

The Shire's activities expose it to a variety of financial risks including price risk, credit risk, liquidity risk and interest rate risk. The Shire's overall risk management focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the Shire.

The Shire does not engage in transactions expressed in foreign currencies and is therefore not subject to foreign currency risk.

Financial risk management is carried out by the finance area under policies approved by the Council.

The Shire held the following financial instruments at balance date:

	Carrying Value		Fair Value	
	2018	2017	2018	2017
	\$	\$	\$	\$
Financial Assets				
Cash and cash equivalents	3,892,183	4,974,732	3,892,183	4,974,732
Receivables	386,328	338,977	386,938	349,384
	<u>4,278,511</u>	<u>5,313,709</u>	<u>4,279,121</u>	<u>5,324,116</u>
Financial Liabilities				
Payables	918,308	803,379	918,308	803,379
Borrowings	2,284,898	2,505,437	2,284,898	2,505,437
	<u>3,203,206</u>	<u>3,308,816</u>	<u>3,203,206</u>	<u>3,308,816</u>

Fair value is determined as follows :

- Cash and Cash Equivalents, Receivables, Payables - estimated to the carrying value which approximates net market value.
- Borrowings - estimated future cash flows discounted by the current market interest rates applicable to assets and liabilities with similar risk profiles.
- Financial Assets at Fair Value through profit and loss, Available for Sale Financial Assets - based on quoted market prices at the reporting date or independent valuation.

SHIRE OF BODDINGTON
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2018

33. FINANCIAL RISK MANAGEMENT (Continued)

(a) Cash and Cash Equivalents

Financial assets at fair value through profit and loss

Available-for-sale financial assets

Held-to-maturity investments

The Shire's objective is to maximise its return on cash and investments whilst maintaining an adequate level of liquidity and preserving capital. The finance area manages the cash and investments portfolio with the assistance of independent advisers (where applicable). Council has an investment policy and the policy is subject to review by Council. An Investment Report is provided to Council on a monthly basis setting out the make-up and performance of the portfolio.

The major risk associated with investments is price risk - the risk that the capital value of investments may fluctuate due to changes in market prices, whether these changes are caused by factors specific to individual financial instruments of their issuers or factors affecting similar instruments traded in a market.

Cash and investments are also subject to interest rate risk - the risk that movements in interest rates could affect returns.

Another risk associated with cash is credit risk – the risk that a contracting entity will not complete its obligations under a financial instrument resulting in a financial loss to the Shire.

The Shire manages these risks by diversifying its portfolio and only investing in investments authorised by *Local Government (Financial Management) Regulation 19C*. Council also seeks advice from independent advisers (where considered necessary) before placing any cash and investments.

	2018	2017
	\$	\$
Impact of a 1% ⁽¹⁾ movement in interest rates on cash		
- Equity	38,922	49,747
- Statement of Comprehensive Income	38,922	49,747

Notes:

⁽¹⁾ Sensitivity percentages based on management's expectation of future possible market movements.

SHIRE OF BODDINGTON
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2018

33. FINANCIAL RISK MANAGEMENT (Continued)

(b) Receivables

The Shire's major receivables comprise rates and annual charges and user charges and fees. The major risk associated with these receivables is credit risk – the risk that the debts may not be repaid. The Shire manages this risk by monitoring outstanding debt and employing debt recovery policies. It also encourages ratepayers to pay rates by the due date through incentives.

Credit risk on rates and annual charges is minimised by the ability of the Shire to recover these debts as as a secured charge over the land – that is, the land can be sold to recover the debt. The Shire is also able to charge interest on overdue rates and annual charges at higher than market rates, which further encourages payment.

The level of outstanding receivables is reported to Council monthly and benchmarks are set and monitored for acceptable collection performance.

The Shire makes suitable provision for doubtful receivables as required and carries out credit checks on most non-rate debtors.

There are no material receivables that have been subject to a re-negotiation of repayment terms.

The profile of the The Shire's credit risk at balance date was:

	2018	2017
Percentage of Rates and Annual Charges		
- Current (this year)	53%	36%
- Overdue	47%	64%
Percentage of Other Receivables		
- Current	50%	74%
- Overdue	50%	26%

SHIRE OF BODDINGTON
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2018

33. FINANCIAL RISK MANAGEMENT (Continued)

(c) Payables
Borrowings

Payables and borrowings are both subject to liquidity risk – that is the risk that insufficient funds may be on hand to meet payment obligations as and when they fall due. The Shire manages this risk by monitoring its cash flow requirements and liquidity levels and maintaining an adequate cash buffer. Payment terms can be extended and overdraft facilities drawn upon if required.

The contractual undiscounted cash flows of the Shire's Payables and Borrowings are set out in the Liquidity Sensitivity Table below:

	Due within 1 year \$	Due between 1 & 5 years \$	Due after 5 years \$	Total contractual cash flows \$	Carrying values \$
<u>2018</u>					
Payables	618,308	300,000	0	918,308	918,308
Borrowings	230,305	1,014,657	1,039,935	2,284,898	2,284,898
	<u>848,613</u>	<u>1,314,657</u>	<u>1,039,935</u>	<u>3,203,206</u>	<u>3,203,206</u>
<u>2017</u>					
Payables	503,379	300,000	0	803,379	803,379
Borrowings	220,541	1,205,086	1,079,810	2,505,437	2,505,437
	<u>723,920</u>	<u>1,505,086</u>	<u>1,079,810</u>	<u>3,308,816</u>	<u>3,308,816</u>

SHIRE OF BODDINGTON

FOR THE YEAR ENDED 30TH JUNE 2018

33. FINANCIAL RISK MANAGEMENT (Continued)

(c) Payables
Borrowings (Continued)

Borrowings are also subject to interest rate risk - the risk that movements in interest rates could adversely affect funding costs. The Shire manages this risk by borrowing long term and fixing the interest rate to the situation considered the most advantageous at the time of negotiation.

The following tables set out the carrying amount, by maturity, of the financial instruments exposed to interest rate risk:

	<u><1 year</u>	<u>>1<2 years</u>	<u>>2<3 years</u>	<u>>3<4 years</u>	<u>>4<5 years</u>	<u>>5 years</u>	<u>Total</u>	<u>Weighted Average Effective Interest Rate</u>
	\$	\$	\$	\$	\$	\$	\$	%
<u>Year Ended 30 June 2018</u>								
Borrowings								
Fixed Rate								
Debentures	0	0	0	0	47,107	2,237,791	2,284,898	4.45%
Weighted Average Effective Interest Rate					6.47%	4.41%		
<u>Year Ended 30 June 2017</u>								
Borrowings								
Fixed Rate								
Debentures	0	0	0	0	12,942	2,492,495	2,505,437	4.45%
Weighted Average Effective Interest Rate					6.57%	4.40%		

SHIRE OF BODDINGTON
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2018

34. RELATED PARTIES DISCLOSURE

(a) Subsidiaries (i.e. Entities and Operations controlled by Council)

Council has no interest in any Subsidiaries.

(b) Associates

Council has no interest in any Associates.

(c) Joint Ventures

Council has not interest in any Joint Ventures.

(d) Key Management Personnel

Transactions with Key Management Personnel

Key management personnel include the Councillors, Chief Executive and other members of the senior management team.

Related parties include Council's key management personnel (KMP), their close family members, and any entities that they or any of their close family members control or jointly control.

During the year Councillors and key management, as part of a normal customer relationship, were involved in minor transactions with Council (such as payment of rates, use of Council facilities, etc).

The compensation paid to Key Management Personnel comprises:

	2018	2017
	\$	\$
Short-Term Employee Benefits	803,120	749,474
Post-Employment Benefits	79,998	118,956
Long-Term Benefits	105,952	119,214
Termination Benefits	0	0
Total	989,070	987,644

(e) Transactions with Related Parties

Council has assessed the materiality of disclosure of transactions with related parties on the following criteria:

- 1) The potential effect of the relationship on the financial statements;
- 2) Whether the transaction occurred as:
 - a) part of a public service provider relationship with a taxpayer on terms no different to that of a transaction with the general public or
 - b) part of an ordinary operational transaction within a normal supplier or client/recipient relationship on terms and conditions no more or less favourable than those that is reasonable to expect the Council would have adopted with the party at arm's length in the same circumstances.

Transactions with associated companies/individuals:

	2018	2017
	\$	\$
Purchase of goods and services	4,533	12,996

Council has determined that no other material transactions with related parties have occurred during the financial year 2017/18.

**SHIRE OF BODDINGTON
SUPPLEMENTARY RATIO INFORMATION
FOR THE YEAR ENDED 30TH JUNE 2018**

35. RATIO INFORMATION

The following information relates to those ratios which only require attestation they have been checked and are supported by verifiable information. It does not form part of the audited financial report

	2018	2017	2016
Asset Consumption Ratio	77.1%	78.9%	67.7%
Asset Renewal Funding Ratio	78.0%	N/A	N/A

The above ratios are calculated as follows:

Asset Consumption Ratio	$\frac{\text{depreciated replacement costs of assets}}{\text{current replacement cost of depreciable assets}}$
Asset Renewal Funding Ratio	$\frac{\text{NPV of planning capital renewal over 10 years}}{\text{NPV of required capital expenditure over 10 years}}$

Note - that the Asset Renewal funding ratio as outlined above could not be verified on data relating to all Asset management Plans, as some were still being developed and will be finalised until December 2018.

INDEPENDENT AUDITOR'S REPORT

TO THE COUNCILLORS OF THE SHIRE OF BODDINGTON REPORT ON THE AUDIT OF THE FINANCIAL REPORT

Opinion

We have audited the annual financial report of the Shire of Boddington which comprises the Statement of Financial Position as at 30 June 2018, the Statement of Comprehensive Income by Nature or Type, Statement of Comprehensive Income by Program, Statement of Changes in Equity, Statement of Cash Flows and Rate Setting Statement for the year then ended, and notes comprising a summary of significant accounting policies and other explanatory information, and the Statement by the Chief Executive Officer.

In our opinion the annual financial report of the Shire of Boddington:

- (i) is based on proper accounts and records; and
- (ii) fairly represents, in all material respects, the results of the operations of the Shire of Boddington for the year ended 30 June 2018 and its financial position at the end of that period in accordance with the *Local Government Act 1995* (the Act) and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Shire of Boddington in accordance with the relevant ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report. We have also fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 1 to the financial report, which describes the basis of accounting. The financial report has been prepared for the purpose of fulfilling the Shire of Boddington's financial reporting responsibilities under the Act. Regulation 16 of the Local Government (Financial Management) Regulations 1996 (Regulations), does not allow a local government to recognise some categories of land, including land under roads, as assets in the annual financial report. Our opinion is not modified in respect of this matter.

Responsibilities of the Chief Executive Officer and Council for the Financial Report

The Chief Executive Officer (CEO) of the Shire of Boddington is responsible for the preparation and fair presentation of the annual financial report in accordance with the requirements of the Act, the Regulations and, to the extent that they are not inconsistent with the Act, Australian Accounting Standards. The CEO is also responsible for such internal control as the CEO determines is necessary to enable the preparation of a financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the CEO is responsible for assessing the Shire of Boddington's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the State government has made decisions affecting the continued existence of the Shire of Boddington.

The Council is responsible for overseeing the Shire of Boddington's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Report

The objectives of our audit are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

As part of an audit in accordance with Australian Auditing Standards, We exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Shire of Boddington's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the CEO.
- Conclude on the appropriateness of the CEO's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Shire of Boddington's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report, as we cannot predict future events or conditions that may have an impact.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Council and the CEO regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that We identify during our audit.

Report on Other Legal and Regulatory Requirements

In accordance with the *Local Government (Audit) Regulations 1996* we report that:

- (i) In our opinion, there are no significant adverse trends in the financial statements of the Shire of Boddington.
- (ii) The following material matters indicating non-compliance with Part 6 of the *Local Government Act 1995*, the *Local Government (Financial Management) Regulations 1996* or applicable financial controls of any other written law were identified during the course of my audit:
 - a. The 2017 Annual Financial Report was not submitted to the Department of Local Government and Communities within 30 days of receiving the Audit Report as required by the Local Government (Financial Management) Regulations 1996 Section 51(2).
- (iii) All required information and explanations were obtained by us.
- (iv) All audit procedures were satisfactorily completed.
- (v) In our opinion, the asset consumption ratio included in the annual financial report were supported by verifiable information and reasonable assumptions.
- (vi) In our opinion, the asset renewal funding ratio included in the annual financial report was not supported by verifiable information and reasonable assumptions.

Matters Relating to the Electronic Publication of the Audited Financial Report

This auditor's report relates to the annual financial report of the Shire of Boddington for the year ended 30 June 2018 included on the Shire of Boddington's website. The Shire of Boddington's management is responsible for the integrity of the Shire of Boddington's website. This audit does not provide assurance on the integrity of the Shire of Boddington's website. The auditor's report refers only to the financial report described above. It does not provide an opinion on any other information which may have been hyperlinked to/from this financial report. If users of the financial report are concerned with the inherent risks arising from publication on a website, they are advised to refer to the hard copy of the audited financial report to confirm the information contained in this website version of the financial report.
